

OFFICIALS PROBE BIG LIQUOR SCANDAL

Landreth Corporation Buys Additional Acreage in Noble Area

ACREAGE DEAL OF \$1,500,000 IS ANNOUNCED

Deal Practically Completes Purchase of Oil Field in Noble Area—\$5,000,000 Spent for Acreage in Four Month by Corporation.

The Landreth Production Corporation Friday afternoon announced the purchase of additional local oil field property at a consideration of approximately \$1,500,000. The deal practically completes the purchase of an entire oil field in the Noble area by the Landreth Corporation since coming here early in July. In a little more than four months, the corporation has spent approximately \$5,000,000 for acreage here.

The acreage purchased Friday included the holdings of the Upham Company of Mineral Wells—consisting of 280 acres, the holding of the Electra-Texas Company, consisting of 227 acres, ten forty-acre tracts from the Waggoner estate, and 80 acres from C. L. Sloan.

The acreage purchased from the Upham Company is located as follows: Southeast quarter of the 2, northeast quarter of the southwest quarter of the same section, southwest quarter of the southeast quarter of the same section, southwest quarter of the northwest quarter of section 45, block 4, northwest quarter of block 4. This acreage is located in the vicinity of the Landreth's M-1 producer, which was recently brought in.

The tract purchased from the Electra-Texas Company consisted of 227 acres through the center of section 42, block 4. The tract now has two producing wells, the Electra-Texas No. 1, which was the discovery well of the 2300-foot pay in that section, and the Electra-Texas No. 2, an offset to the Milham I-B producer.

The ten forty-acre tracts purchased from the Waggoner estate had started to drill wells. This takes the estate out of the production business in the local field.

With the purchase of the recent acreage, the Landreth Company has become the leading operator in the Noble field. The company now has 2315 acres, comprising the old Noble area. Thirteen wells are producing on the property, with a total production of approximately 1800 barrels daily. In addition to the purchases, the company has fifteen wells drilling at various stages. Three others are on the sand.

With the exception of a few minor operators, the Landreth Corporation now owns what was formerly called the Noble field, and the company has outlined an extensive drilling campaign for the local field. It is announced.

PREMIER OF HOLLAND AND CABINET RESIGN

The Hague, Nov. 14—(AP)—Premier Colijn today tendered the resignation of himself and the cabinet members remaining after the recent withdrawal of the four Catholic ministers. The queen requested that all continue to deal with current affairs pending a formation of a new ministry.

Letters of Negress Bride To "Darling Len" Naming Mythical Admirers and Rivals Are Read

White Plains, N. Y., Nov. 14—Scores of love letters remained to be introduced in Leonard Kip Rhinelander's annulment suit when the trial is resumed Monday.

Already 52 fervid illiterate epistles have been read aloud and Al Jolson and Irvin Berlin have been dragged into as mythical rivals for the hand of the negress whom the plaintiff is that his bride deceived him as to her negro blood, the evidence so far has tended to establish that she was constantly urging marriage, particularly by recalling their visits to hotels, and partly by jealousy.

One "Eddie" is constantly mentioned among various named and unnamed admirers, and yesterday Young Rhinelander left the stand a few minutes for Edward Holland, a fireman, to testify.

Holland denied that he had ever given Alice Jones Rhinelander any presents, or offered to marry her, or to live with her. His testimony followed introduction of a letter in which the defendant threatened to "marry Eddie" or share an apartment with him if Rhinelander did not return quickly from Arizona and marry her.

NAVAL COURT'S JUDGE WANTS TO REPLY TO CHARGES

Washington, Nov. 14—(AP)—Captain Paul Foley was relieved at his own request by Secretary Wilbur today as judge advocate of the Shenandoah court of inquiry.

Major Henry Leonard, retired, of the marine corps, was appointed as the new judge advocate.

Washington, Nov. 14—(AP)—Before the next session of the Mitchell court martial is held, the Shenandoah navy court of inquiry will probe for itself the incidents to which Mrs. Margaret Ross Lansdowne testified before the Mitchell court as constituting an attempt to influence testimony in the Shenandoah inquiry.

Denied an opportunity at this time to reply before the Mitchell court, Mrs. Lansdowne's charge that he had sought to influence her testimony in an statement she was to make before the naval court, Captain Paul Foley has asked Secretary Wilbur to relieve him as judge advocate of that court so he can make his reply at once as a witness before that body.

Secretary Wilbur has taken the request under advisement.

The Shenandoah court, with several other witnesses summoned for its inquiry into the matter, will meet Monday. The Mitchell court recessed yesterday until Tuesday after refusing to strike out Mrs. Lansdowne's testimony, as sought by the prosecution, and declining to hear Captain Foley. The latter asked that he be permitted to testify now as a matter of "personal privilege and fair play," but the defense objected on the ground that rebuttal testimony should not be permitted until the defense concludes its case.

In asking to be relieved as judge advocate of the naval court, Captain Foley said Mrs. Lansdowne's testimony that he had prepared and sent to her a statement she was to read to that body and which falsely represented her attitude on the Shenandoah matter, had made him an interested party in that inquiry.

Hundred Pardons May Be Granted On Thanksgiving

Austin, Texas, Nov. 14—(AP)—A list of about 100 pardons is expected to be granted Thanksgiving by Governor Miriam A. Ferguson. The governor's desire was to say nothing about the plans until November 26, but that the proclamation is being written and marked "Thanksgiving" has become known about the capital.

The clemency proclamations granted in the first ten months of her term by Governor Ferguson now number 7,014. Nineteen such proclamations have been revoked by her.

Letters of Negress Bride To "Darling Len" Naming Mythical Admirers and Rivals Are Read

White Plains, N. Y., Nov. 14—Scores of love letters remained to be introduced in Leonard Kip Rhinelander's annulment suit when the trial is resumed Monday.

Already 52 fervid illiterate epistles have been read aloud and Al Jolson and Irvin Berlin have been dragged into as mythical rivals for the hand of the negress whom the plaintiff is that his bride deceived him as to her negro blood, the evidence so far has tended to establish that she was constantly urging marriage, particularly by recalling their visits to hotels, and partly by jealousy.

One "Eddie" is constantly mentioned among various named and unnamed admirers, and yesterday Young Rhinelander left the stand a few minutes for Edward Holland, a fireman, to testify.

Holland denied that he had ever given Alice Jones Rhinelander any presents, or offered to marry her, or to live with her. His testimony followed introduction of a letter in which the defendant threatened to "marry Eddie" or share an apartment with him if Rhinelander did not return quickly from Arizona and marry her.

OCTOBER RAW COTTON EXPORT BREAKS RECORD

Cotton Spindles Active During October Numbered 32,425,206 Compared With 31,551,630 in September—Census Bureau Estimates Cotton.

Washington, Nov. 14—(AP)—Exports of raw cotton during October were larger than in any month for more than ten years.

The census bureau's monthly report today showed 1,421,482 bales were sent abroad during the month, or almost double the quantity exported in September this year, and half a million bales more than in October, 1915, when 1,501,701 bales were sent abroad, has so large a quantity of cotton being exported. Exports both in October and November, 1915, exceeded a million and a half bales.

Cotton consumed during October amounted to 543,679 bales of lint and 75,750 bales of linters, compared with 483,266 of lint and 70,008 of linters during September this year, and 523,283 of lint and 57,452 of linters during October last year, the census bureau today announced.

Cotton on hand October 31 was held as follows: In consuming establishments 1,216,477 bales of lint and 82,629 of linters, compared with 866,011 of lint and 79,904 of linters on September 30, this year, and 733,440 of lint and 74,286 of linters on October 31, last year.

In public storage and at compresses 4,499,382 bales of lint and 28,694 of linters, compared with 137,620 of lint and 15,675 of linters on September 30, this year, and 226,427 of lint and 44,054 of linters on October 31, last year.

Imports during October totaled 12,402 bales compared with 15,121 in September this year and 18,135 in October last year.

Exports during October totaled 1,421,482 bales including 7,446 bales of linters, compared with 752,324 including 1,880 of linters in September this year and 946,506 including 4,380 of linters in October last year. Cotton spindles active during October numbered 32,425,206 compared with 31,551,630 in September this year and 31,165,034 in October last year.

Exports for the first three months of the cotton year have totaled 2,489,631 bales, compared with 1,961,638 bales in the same period last year.

Germany, in the three months period, has taken 709,818 bales, or more cotton than any other country. This compares with 407,482 for the same period last year. The United Kingdom took 659,808 bales compared with 627,298, and export to Japan were 286,476 bales, compared with 181,596.

The United Kingdom took the largest quantity in October, a total of 430,976 bales. Germany was second, largest importer with 350,888 bales, while Japan took 184,762 bales.

FRANCE IS ANXIOUS TO OPEN DEBT CONVERSATIONS

Paris, Nov. 14—(AP)—Premier Painleve and Foreign Minister Briand are anxious to re-open the debt conversations with Washington but they are greatly in doubt as to how this could tactfully and effectively be done. The question is being examined with utmost care by the responsible officials of the finance ministry and the foreign office.

The intention was to send Senator Berengar to Washington in place of Ambassador Daeschner. This plan has not been wholly given up, but the idea is that Senator Berengar might be sent as a special ambassador, it is understood, however, that he does not agree with this; his wish is to be ambassador.

M. Daeschner, it is now said at the foreign office, will not be recalled, or if so, not at an early date. M. Daeschner, who is in France, is preparing to return to Washington almost immediately.

GOVERNMENT OFFICIALS RECOGNIZE KIDDISH WISH

Washington, Nov. 14—(AP)—Joy the Christmas brings to children far outweighs any damage that the cutting of these small trees does to the forests, the United States forest service declared today in endorsing the tinsel bearer of the yuletide.

A sa matter of fact, the service pointed out, the annual harvest of Christmas trees is exceeded many times by those used in the manufacture of toothpicks.

L. D. Terrell Recovering from an attack of influenza and tonsillitis.

Cops' Belle

The Kansas City American Legion offered a motor car to the matron getting the heaviest vote in a popularity contest. Mrs. Clara Thompson was hooked by the police department, and she won over a hundred other candidates.

GEORGE KEMP FUNERAL HELD

PIONEER RESIDENT OF COUNTY CAME HERE 40 YEARS AGO.

George Kemp, 92, resident of the county for more than forty years died Tuesday at the home of his son, Louis, at Margaret.

Interment took place the following day at the Crowell cemetery with Reverend Taylor, pastor of the Crowell Baptist Church, in charge of the funeral services. Mr. Kemp was a member of the Lutheran Church.

Mr. Kemp was born in Germany, and came to America in 1877. He located in Clay County, moving here from that county.

He was a successful farmer in the southwest part of the county until old age prevented him carrying on his work.

Twelve years ago he moved to Vernon, where he made his home until he went to visit relatives at Margaret, seven weeks ago.

His wife died here ten years ago and since that time he chose to live the life of a recluse, refusing to live with any of the children, seeming to be very happy at his little home in southwest Vernon. Until the past few months, he was a familiar sight about the streets of the city as he walked each day from his home down town.

He is survived by three sons and three daughters, Louis Kemp of Margaret; Henry Kemp of Spearman; George Kemp of California; Mrs. Katie Bunker of Vernon; Mrs. Betty Upfold of Canyon; Mrs. Lizzie Kreis of Papatote. Twelve grandchildren also survive.

EVANGELIST CLARK OPENS REVIVAL IN NORTHSIDE

"Will the League of Nations Bring Peace and Safety on the Earth or Do We Need a King?" will be the subject of a lecture by Evangelist Clark at the revival meeting Saturday night at the Northside Community Church.

Friday night, Evangelist Clark preached an interesting sermon on "Seven Preparatory Steps to a New Testament Revival." In his address, Clark emphasized the need of Christian unity and cooperation among the churches.

The campaign is announced to close on Sunday with two services—at 11 a. m. and 7:15 p. m. The closing sermon will be "Hell Discovered 18 Miles From Vernon."

J. H. HOLLOWAY BUYS WYATT MOTOR COMPANY

J. R. Wyatt, of the Wyatt Motor Company announces the sale of his agency for the Chrysler motor cars to J. H. Holloway of Jackboro. The agency will be operated as the Holloway Motor company in the future, according to Mr. Holloway. His son, L. O. Holloway will be associated with him in the business.

Only Chrysler cars will be sold by the firm henceforth, it is announced, and a service station will be operated in the rear of the building. Mr. Holloway comes to Vernon with several years of experience in the automobile business.

HOLD NO HOPE FOR RESCUE OF 68 MEN ON BOAT

London, Nov. 14—(AP)—"The admiralty deeply regret that they cannot longer hold out any hope that the crew of the M-1 still survive."

This brief official announcement this morning was taken as definitely sealing the fate of the 68 officers and men entombed in the monitor submarine which disappeared off the Devonshire Coast during Thursday's maneuvers.

The admiralty also sent to the relatives of the crew the following message: "The circumstances in which the submarine disappeared leaves room for no doubt that your son (or husband) has lost his life, with the rest of the crew."

Throughout the night the fleet of searching ships kept vigil on the spot where the M-1 is believed to lie on the rocky, treacherous bottom, at a depth of 240 feet.

Early this morning, four mine sweepers resumed their dragging in an effort to make contact with the submarine. The parent ship Maidstone also joined the searchers with their secret magnetic reflecting apparatus, enabling the distance and direction of a magnetic object to be traced.

Salvage vessels with lifting apparatus are on the spot indicating the intention of the authorities to raise the big submarine but they admit it will be an almost hopeless task to bring her up from such a great depth.

It is understood that next week Admiral Sir Henry Oliver, commander of the home fleet, will steam out with all his ships in line to offer a last salute to the victims. A burial service will be held on the spot tomorrow and a memorial service in the church at the Portland dockyard.

POLICE SAY ALLEGED SUICIDE WAS HOAX

Chicago, Nov. 14—A woman may have placed the two coats and suicide note on the Michigan boulevard bridge that led yesterday to a search in the Chicago river for the body of Martin J. Durkin, automobile thief and police slayer.

The skeptical police who abandoned the hunt for the body, were further convinced the affair was a hoax when Charles Mason, a chauffeur, said he saw a woman unwrap two coats and drop them on the stairs leading from the bridge to the river. Handwriting experts said the note was not written by Durkin. Tests will be made of supposed blood stains on the coats.

WORLD IS WATCHING PROHIBITION TEST

Detroit, Nov. 14—(AP)—The eyes of the world are watching the United States in its test of national prohibition. Miss Anna Adams Gordon, president of the National and World's Women's Christian Temperance Unions, said today. The national organization is holding its fifty-first annual convention here.

Rudolph Valentino's Three Month Marital Vacation May Soon Become Permanent Due to Stork's Neglect

New York, Nov. 14—The three months "marital vacation" of Rudolph Valentino and his wife is on do, is to establish a domicile in France.

"Our divorce will be a complete divorce. It will be consummated after my appearance in the French court with some further formalities which include a formal rejection of the court's formal invitation for us to become reconciled."

This statement came from Rudy 24 hours after he had characterized divorce reports as absurd. When Mrs. Valentino came from Paris last week and heard of her husband's views as to dogs and babies she said that she had no intention of giving up her career anywhere her husband had more dogs than she.

GRAND JURY INFORMATION SHOWS CONNECTION BETWEEN BEER SYNDICATE AND AGENTS

Special Train To Carry Lion Fans To Wichita Game

Vernon football fans will run a special train to Wichita Falls Monday for the Vernon-Wichita Falls game, according to arrangements made at a special meeting which was held at the offices of the Chamber of Commerce Friday night.

According to present plans, the special train will leave Vernon about 10:00 o'clock Monday morning, and will leave Wichita Falls immediately after the game Monday afternoon.

Tickets are now on sale for the round trip on the special, selling for \$2 to adults and \$1 to children under twelve years of age. In order to obtain the special at this price, however, as many as 250 must buy tickets, it was explained at the meeting Friday night.

The decision to run the special was reached Friday night when it was learned that approximately 150 students in the various schools desire to attend the game, but have no means of transportation. A number of the business men present at the meeting said they had rather go on a special train than in automobiles, due to the condition of the highway.

Isn't Education Just Grand

Austin, Nov. 14—Beethoven is a Russian revolutionist, "Red" Grange a pitcher in the recent baseball series, Dan Moody a famous evangelist, Corsica an article of women's wearing apparel, and the advertising slogan, "Such Popularity Must Be Deserved" was used last year by Miriam Ferguson in her campaign if any of these statements are believed, the tests were given to English and government classes.

FRENCH REINFORCEMENTS ARRIVE IN SYRIA

Paris, Nov. 14—(AP)—French reinforcements have begun arriving in Syria. The appearance of the fresh troops, according to the latest reports, produced an immediate effect upon the rebels and the Druze tribesmen, among the most active of the insurrectionists, returned to the mountain regions.

The country has calmed down, the dispatches say, and only one small band of rebels is in the field in the Damascus region.

Murder Case To Jury

Noblesville, Ind., Nov. 17—(AP)—The D. C. Stephenson murder case went to the jury at 11:45 o'clock today.

Chicago, Nov. 14—(AP)—Disclosures which government officials indicated might develop into a prohibition enforcement scandal of huge proportions have been made in connection with a Federal inquiry into Chicago's \$800,000 a month beer syndicate.

The rumblings came on the heels of the fifth extended stay of prison sentence granted Abe Levin, wealthy certificate broker, and the resignation of James L. McDowell, assistant United States attorney.

While government officials, who talked freely but refused to be quoted officially, asserted imported disclosures are now before a Federal grand jury here, the Herald and Examiner said that Levin had made a confession involving high government agents.

The grand jury has information, the government men said, which shows connection between a powerful eastern beer syndicate, Federal agents and Chicago officials.

The Federal men charged that the head of the syndicate has remarkable influence in certain strategic quarters. In this connection, they pointed to the resignation under mysterious circumstances of McDowell.

Attaches of the Federal intelligence service said that the "men higher" up in the beer syndicate, reported to control eleven eastern breweries which have been supplying Chicago with beer, had been named to the grand jury. The investigators added that a leader in the syndicate approached one brewery asking for \$50,000 on the statement that it was to be given as a present to a Washington official.

Charges by McDowell that prominent Illinois politicians were behind his resignation were denied by them. Levin's application for his fifth stay since he was given a two-year prison sentence last May was heard by Federal Judge Claud Z. Lase of Superior, Wis., in the presence of Mrs. Mabel Walker Willebrandt, assistant United States attorney general.

The Herald and Examiner said that Levin's confession was made to Mrs. Willebrandt, who is taking it to Washington.

McDowell previously opposed a plea for Levin for release on probation. Before he tendered his resignation he stated he had been offered a retainer to defend the men against whom his investigations had been aimed.

BIG PEP RALLY HERE TONIGHT

EVERY CITIZEN OF VERNON IS URGED TO ATTEND MEETING.

Plans have been made to stage the biggest pep rally in the history of Vernon at the district court room of the court house at 7:30 o'clock Saturday night. Business men, school children, old-timers, transients, everyone who is interested, ever was interested, or ever expects to be interested in the Vernon High School football team are requested to give the squad the Coyotes and their support by their presence at that rally Saturday night.

Fans here realize that it is going to take a fighting spirit to whip the Wichita Falls Coyotes in their last, and officials have asked that fans instill the necessary spirit in the members of the squad with a gigantic pep rally tonight.

"As Vernon rallies to the support of the squad at the meeting Saturday, so may fans expect the Lions to play on the Coyotes gridiron Monday night. It is the way one official states. Monday, fans will call on the 1925 squad to give it all, and Saturday night that squad will silently ask that the fans give their part.

The brand of football displayed by the Lions in the first few minutes of the game Monday is likely to be a deciding factor in the game. If the Lions go in and fight the Coyotes off their feet in the first few minutes of play, the fighting spirit of the Wichita team will probably break as it has before, and the Lions will win. But should the Coyotes display a stronger fighting spirit in the early minutes of the game, the Lions will face a great obstacle.

Austin, Nov. 16—The \$500,000 borrowed by State Treasurer W. Gregory Hatcher today was repaid the Austin and Dallas Clearing House and the general revenue fund was reduced to \$60,000, he announced. Mr. Hatcher said he did not fear the state going on a deficiency basis.

The traffic system in Vernon is fine, but it is like any other system, its value depends upon whether it is followed. A few days ago a perfectly respectable minister made a left hand turn at Wilbarger and Main. Only yesterday a prominent member of the high school faculty ran through two stop signals, one at Texas and Fannin and another at Texas and Main. Such violations are frequent, frequent enough to be dangerous, although the majority of drivers observe the regulations. A few arrests and fines in city court will educate the few who seem to think it is all right to ignore or forget the regulations. Of course, if none but absent-minded professors and ministers ran over the stop signals, there would be no special harm, because they are not very numerous in Vernon, but when a few run over the signals and nothing happens, others will attempt it and soon we will have no traffic system.

Front page advertisements are no good. A few days ago notice was given in this column that a stray oil barrel was parked at the curb in front of The Record building and the owner was advised that he might claim his property and get same by paying for the advertisement in question. The price of the ad would not be great. A cigar will sometimes be sufficient to get the motorman of this column to print something nice or fail to print some uncomplimentary bit of information. At any rate the barrel is still in front of The Record building. It is apparently a new barrel, that is, as nice as one could expect an oil barrel to be, and deserves a better fate than to be allowed to lie around on the streets. It was built for service and ought to be rendering it. Those merchants who clamor for front page space will please take notice of this barrel ad. A three-line ad on the classified page would have brought a dozen inquiries in a few hours. The customers read the classified page.

W. F. McKee, Dr. E. Barnes, Charles Ratliff and B. S. Martin were fishermen at Lake Kemp Friday. On their return to Vernon Friday evening Dr. Barnes dropped into The Record office to get his Daily Record and stated that the quartet had captured all the bass and perch they could eat and had branded the trip as a most enjoyable day. He stated that the lots of duck are at the lake to tempt the hunters.

About two miles of concrete paving has been completed on the highway between Harold and Electra. When the weather permits the paving is being laid at the rate of between 400 and 500 feet per day. County Engineer John B. Nabers states. Unless weather is more favorable during the next few weeks than it has been recently the Harold-Electra pavement will not be completed this year.

The T. J. Youngblood Furniture Store is beginning to take on a city appearance. The new front is being completed and most of the interior decorating is about finished. This building will be one of the most modern in the city when the improvements are completed. Mr. Youngblood says the only trouble about the new arrangement is that some of his old-time cronies will probably not feel at home in such modern and up-to-date surroundings. But the old-fashioned loafers, like Ish, McColloch and a few others, must step aside for the march of progress in Vernon, just as Summer-lake and other relics of country-town days, the furniture merchant says.

Miss Catherine Pierce, who is teaching violin at Howard Payne College in Fayette, Tex., has written her relatives here complimenting The Daily Record. Miss Pierce is the daughter of T. L. Pierce and is a highly accomplished musician.

ASSAULT ON MURDER CHARGES ARE FILED

Charles S. Brown, who was found unconscious with a fractured skull early Friday morning on Wanderers street, regained consciousness at a late hour Friday, but was unable to throw any light on the mystery surrounding his injury. According to his statement, he remembers nothing that happened Thursday night.

Charges of assault and attempt to murder have been filed against J. E. Freeman and J. S. Boswell, who were arrested Friday by local officers. The men admitted having trouble with Brown Friday night, but refuse to say anything more, according to Sheriff W. Frank Edmondson.

WEALTHY MANUFACTURER INDICATED BY GRAND JURY

New York, Nov. 14—(AP)—Samuel Dorfman, millionaire clothing manufacturer, has been indicted by the grand jury for receiving stolen property in connection with the alleged theft of \$1,116,000 worth of jewelry by Harry A. Cohn, salesman.

Dorfman, who is widely known as a philanthropist, was charged with having loaned \$263,000, or \$500,000 of the stolen jewelry which was pledged as collateral.

Cohn is at liberty on \$15,000 bail under indictments charging larceny and receiving stolen goods.

Magnolia Declares Dividend

Dallas, Nov. 14—Magnolia Petroleum Company trustees have declared a cash dividend of 75 cents a share, payable November 30 to stockholders of record November 24. W. C. Proctor, treasurer announced today.

Head of Poetry Society Doubts Works of Girl

New York, Nov. 14.—(AP)—Doubts about the authorship of internationally famous poems credited to 12-year-old Nathalie Crane of Brooklyn are now raised by Edwin Markham, honorary president of the Poetry Society of America and winner of last year's \$200 poetry review prize.

Over his signature in the Brooklyn Eagle, Mr. Markham wrote yesterday:

"Unquestionably the whole thing is a genial hoax, fabricated, perhaps by four young men and two young women while lingering over the wine and walnuts—all of them distinguished poets, with dexterous pens, and all determined to break the mo-

notony of the hour with this detectable deception. "The sophisticated viewpoint of sex and on life, the special knowledge of history and archaeology places them beyond the reach of any juvenile mind."

Later Mr. Markham in a statement to the New York World qualified his views by saying:

"And yet, it is entirely possible that Nathalie Crane has written these poems with her own mind and pen. In that case, she is the most extraordinary girl in America and I wish her good fortune on the part of the poetic life."

COYOTE PUPS DEFEAT BURKBURNETT SCRUBS

The Coyote Pups, of the Wichita Falls Junior High School, displayed a great brand of football and an undying fighting spirit that enabled them to win their first game of the season as well as score their first points of the year, over the Burburnett second stringers Friday afternoon at Spudder park. The score was 20 to 0.

Lion Roars

It appears that fate will not allow Baggett to use his full strength in any game this season. Not since the game with Sayre, Okla., have the Lions entered a contest unhampered by injuries or illness. As the date for the game with Wichita Falls for the championship of this end of district one draws near it appears that the Lions will have to play the greater part, if not all, of the game without the services of their field general. Ryan, Ryan, Ryan, sustained a wrenched back in practice early in the week, and has only suited out for practice one time since. Coaches Baggett and Wilmon still have hopes of using the Lion star some during the Lion-Coyote clash, but it is doubtful if he will play up to his usual form.

Hollar, first string wing man and one of Baggett's best pass receivers, is nursing a swollen ankle received several days ago, and it is doubtful if he will start the game against the Coyotes. The Lion mentor has been drilling Newth at left and almost constantly this week and it appears that Newth has been chosen to start the game.

Parker and Lewis are still battling for the center position, and Parker will likely start the game at the key position. Both men have been showing up well in practice sessions, but it remains to be seen what they will do when under fire.

Coach Baggett has not been using a roving center this week, but it is believed that he will draw one of his linemen back on the defensive during the game. Key appears to be the logical man for this position. He is perhaps the most accurate tackler left on the squad since Robinson was declared ineligible.

SHRINE CEREMONIAL TO BE HELD THANKSGIVING

Maskat Temple's fall ceremonial will be held in Wichita Falls, Thursday, Thanksgiving Day, Nov. 26.

The program of the day is as follows:

9 a. m. to 1 p. m.—Registration of Novices.

1 p. m.—All Novices assemble in Faith Lodge room.

2 p. m.—Parade.

4 p. m.—First section at Call Field auditorium.

4:30 p. m.—Second section at Call Field auditorium.

8 p. m.—Entertainment and dance for Nobles and their ladies at Wichita Falls Country Club.

The evening will be given over to the nobles and their ladies. The magnificent country club will also be turned over to them for that evening.

Moving pictures, a number of novel entertaining features and dancing will be enjoyed by all. The dance and entertainment is to be an informal affair.

All Nobles in this territory are invited to attend this affair.

Aggies and Owls Clash for Honors In Conference

Dallas, Texas, Nov. 14.—(AP)—Whether the Texas Aggies will stay in the chase for the Southwest Conference football championship by either defeating or getting a draw with the Rice Owls is the major question to be settled by this week's Southwest conference games. The Texas Longhorns, Saturday will engage a conference rival, the S. M. U. Mustangs, and the Baylor Bruins will clash at Dallas, and the T. C. U. Horned Toads, whose victory of last week over the Texas Aggies was the outstanding upset of the conference season thus far, will attempt to repulse the Arkansas Razorbacks at Fort Worth. The Texas Longhorns will play the Arizona University Wildcats at Austin.

A victory over Coach Heisman's Owls would enable the charges of Coach Dana Bible to go into the Thanksgiving day fracas with the Texas Longhorns with an even chance to win the championship. Victories over the Owls and Steers will bring the cherished title to Aggie land. Largely because of the importance of the game, the Aggies, determined to avenge their defeat by T. C. U., are favorites to win over the Owls.

In the past, however, the Farmers have found the Owls "tough birds." Coach Heisman has been priming his

men and it is certain the Biblemen will have to fight desperately all the way to win. The Owls probably will rely in the main on forward passes, although in Murray they have a line plunger of ability.

Should "Dusty" Berry, diminutive quarterback who was unable to play against T. C. U., because of injuries, be able to play, chances of the Aggies would be materially increased. The Farmers sorely missed the services of their field general against T. C. U.

Other players likely to start for the Farmers are, ends, Price and Beutel; tackles, Irwin and Dieterich; guards, Damsky and Ochterbeck; center, Elt; Brazelton or Watt; halfbacks, McGuire and Hunt; fullback, Captain Wilson.

The educated toe of "Mule" Wilson may play a big part in determining outcome of the game. If he lives up to past performance, he should outkick by a wide margin Captain "Heavy" Underwood, center, punter, passer and leader of the Owls.

Because of their poor showing against the Texas Longhorns, and their past inability to turn back the

By Condo

Mustangs, the Bears are doped to lose Saturday to the S. M. U. Steeds. At no time this season have the Bruins showed an offense worthy of the name, and it is hardly likely Coach Bridges' machine will be able to roll over the stalwart S. M. U. defense. Too, the Bears are none too adept at turning back an aerial offensive, and the Steeds may be expected to gain through the air.

Coach Francis Schmidt's Razorbacks have been coming along rapidly during the past three weeks. Last Saturday holding the Mustangs to a scoreless tie, and the Frogs will not be able to rest on the laurels won against the Texas Farmers. 'Twould not be surprising in this season of upsets, should the Razorbacks trounce Coach Matty Bell's well rounded eleven.

The Texas Longhorns should have but little trouble in disposing of the Arizona Wildcats, even though the team will have a tendency to take things easy following its decisive victory over the Baylor Bears. "Doc" Stewart may start a second string combination, not sending his best combination into the game, unless the Wildcats prove "wilder" than expected.

HALF VICTORY PROBABLE.

The country is learning something about the air service as the result of Colonel William Mitchell's court martial in Washington. That it is inadequate to the needs of anything like proper defense is vouched for by many witnesses. But it is the efforts to fix responsibility that result in a divergence of opinion.

Colonel Mitchell is on trial for insubordination and conduct unbecoming to an officer in the army because he charged that the heads of the Army and Navy Departments were guilty of almost treasonable conduct in their blundering management of the nation's air defense. On this point, very little evidence has been produced that would be helpful to Colonel Mitchell's cause. The widow of the commander of the ill-fated Shenandoah has given testimony that is somewhat damaging to some of those in charge of aeronautics.

But the chief result of the testimony thus far adduced has had the effect of placing the responsibility for the inadequacy of our air defense upon Congress. Colonel Mitchell, by inference, exonerated Congress and placed the responsibility for any shortcomings of the national defense upon the heads of the Army and Navy Departments and their immediate subordinates.

So far as results for the ultimate good of the service are concerned, it is a small matter whether responsibility is placed on Congress or elsewhere. The country wants information that will give some idea of whether Colonel Mitchell was right in the major aspects of his charges, namely, that our air defense is woefully inadequate, both in equipment and personnel.

It seems that most of the witnesses who have testified to date are of the opinion that most of the failures have been due to lack of authority from Congress and the failure of our lawmakers to provide sufficient funds for proper organization. If the bulk of the testimony during the remainder of the trial has the same effect, it will avail Colonel Mitchell little in the immediate task of defending himself against charges of insubordination.

WHY WAIT FOR A FATAL ACCIDENT?

A few days ago, an Amarillo school girl was killed when she was run down by an automobile while crossing the street on route to her home from school. Newspaper accounts of the mishap exonerate the driver of the car from negligence. But even though this particular driver was blameless, the fact remains that the rate of speed automobiles in Vernon are allowed to maintain in the vicinity of school buildings constitutes a menace to the safety of these children. Sooner or later an accident will happen that will result fatally for some child.

Sometimes accidents will happen even where both drivers and pedestrians exercise care. It is impossible to prevent all accidents. But no sane person should argue that driving at a rapid rate on streets where little children pass in going to and from schools is anything but criminal negligence.

There are no special regulations governing traffic in the vicinity of school buildings of Vernon. Hundreds of tots cross certain streets at certain hours every day. Last year a little girl was run down and seriously injured. This sort of an accident is likely to happen at any time. But there are scores of automobile drivers who have no hesitancy in driving at break-neck speed through a zone frequented by school children. Speeding, or what is worse, reckless driving, is bad enough at any time on any street or highway, but when it is done in streets where little children pass at certain hours by the hundreds it is nothing short of sheer criminality.

Some measures ought to be taken to better control traffic in the vicinity of certain school buildings in Vernon before some tragic death of an innocent child arouses us to action. We can then regulate traffic.

We may even go so far as to arrest and impose some slight penalty on the offender, but none of this post-mortem zeal will restore the victim of our speed mania.

Suppose it had been a little girl from your home that had been killed, as the little Amarillo girl was killed. Would you not be aroused to the necessity of drastic regulation of traffic in school crossing zones? Would you quibble about the expense and practicability of slowing down the speed maniacs?

Let's be as vigilant in protecting the children of our homes now as we would be to insist upon law enforcement after some tragic accident had removed one of these little ones. The City Commission has done well in the adoption of the traffic system now in use. Every loyal citizen ought to comply with the regulations and use his influence to see that others do the same. But this good work should be extended until safety measures are provided to protect school children.

OPPORTUNITY IS NOT A MYTH.

The other day the directors of one of the proud old financial institutions of Washington elected a president. There is nothing startling in the fact that the Riggs National Bank elected a new president to fill a vacancy. But there are several circumstances connected with this particular election that make it of more than passing interest.

The new president is thirty-five years of age. That within itself is noteworthy. He had risen from the position of messenger boy. This was remarkable. He succeeded a man in the presidency who had risen from the place of janitor. This is positively astounding.

Bank presidents are supposed to be sons, sons-in-laws, or nephews of pudgy old directors who are sufficiently blessed with wealth that they can risk it with kinsmen. At least this is the popular notion. But as a matter of fact that is not the case. Directors of big banks are usually men of more than ordinary discernment. Otherwise they would not be directors of big banks. They might be directors of little banks, but not big ones. Banks don't get big and stay big by accident.

Every now and then we hear some small-bore politician mount a soap box and decry against the favoritism that is supposed to actuate the managers of big business. But as long as a messenger boy, or a janitor boy can rise to the presidency of a great bank in a great city, opportunity is not a myth. As long as a section hand can become president of a great railroad system, or a puddler of molten metal can become president of a steel corporation, we needn't shed any tears over the future of America. The door of opportunity is closed only against those who haven't the energy and brains and character to open it.

TOM SIMS
Says

Absence is liable to make the heart grow fonder of more absence.

Ideals are like shoes. You wear them out, but just the same, they are a necessity.

Living in the past or the future isn't much fun. Try the present. It is both of them combined.

Try giving less thought to what people think of you and more to what you think of them.

Choose your enemies with as much care as you use in choosing friends.

Life isn't just one darn thing after another. It is just about a million darn things after a million others. (Copyright, 1925, NEA Service, Inc.)

MEXICAN LEGISLATORS PASS FOREIGN LAND BILL

Mexico City, Nov. 14.—(AP)—The chamber of deputies last night passed unanimously the amended bill of President Calles dealing with the rights of foreigners to own land and water properties in Mexico. It is thought the senate, to which the

measure now goes, will immediately begin consideration of it. "This law," said Foreign Minister Saenz in replying to an interpellation in the chamber, "is to avoid future diplomatic conflicts. It is not the desire of the executive to build up a barrier against incoming capital but to smooth over difficulties. Foreigners must be convinced that they are only entitled to the protection afforded them by law."

Catherine Hazard Ill.

Catherine, little daughter of Mr. and Mrs. Robert Hazard is seriously ill at the Baylor Hospital in Dallas. The parents took their little daughter there for treatment a few days ago. The little one was thought to be recovering from a long illness, but suddenly became worse.

THE FAMOUS

"Known For Its Values"

ANNOUNCING
Holloway Motor Co.
NEW CHRYSLER DEALER IN
VERNON and Wilbarger
County

We have been appointed Chrysler dealer in this territory

We interpret this appointment as a high honor and a serious responsibility.

The public has come to look upon Walter P. Chrysler as a manufacturer of a high order of integrity.

It has evidenced implicit confidence in his honesty of purpose by marked preference for his product.

Our aim will be to reflect in our entire organization the high regard in which he and his cars are held all over America and all over the world.

Mr. Chrysler and his staff have labored diligently and unremittingly to give motorists in the Chrysler Six and the Chrysler Four the finest cars that money can buy.

Cold words fail to describe their surpassing excellence. Both are so far beyond any comparison that you must know them personally to understand their unapproachable superiority.

Permit us the opportunity of proving conclusively to you why today's Chrysler Six and Chrysler Four stride so far ahead of competition.

Chrysler Four

The Touring Car \$895 The Coach \$1045
The Club Coupe 995 The Sedan 1095

REPORT ON TEXAS AIR OFFICERS CASE IS READY

Washington, Nov. 14—(AP)—Four years and more after the inquiry was ordered, the senate at its forthcoming session is to receive a report on the investigation into the fairness into the court martial verdict dismissing from the service Captain Edmund G. Chamberlain, a young marine corps aviator, because of his story of a sensational battle with German airplanes on the western front in 1918.

Chamberlain claimed that while on furlough he visited a British sector, obtained an airplane and while with a British bombing expedition shot down five German planes, damaged two others and sweeping earthward in his own damaged plane, scattered a detachment of German soldiers. On the basis of Chamberlain's story, the navy department recommended him for the highest honor for gallantry and courage, the Congressional Medal of Honor. The young officer's story soon was challenged, and instead of the medal, he received dismissal from the service after a court martial in Paris and London. The senate investigation was ordered early in 1921 on motion of Senator Sheppard of Texas, in which state Chamberlain lived.

WAR HERO GETS HIGH SCHOOL DIPLOMA FRIDAY

The thirteenth of November was not unlucky for Harris G. Carter, former student of Vernon High School. On that day he received a diploma from Vernon High after being out of the school almost nine years.

In April, 1916, Carter quit school just a few months before he was to graduate, and joined the army. He served in the army through the World war and received a citation for bravery. After the war he entered the University of Texas on in for two years, but could not expect to take a degree because he had never completed his high school work. He left the university and became principal of one of the leading rural schools of the state, located near Eden. Recently he asked Vernon High to give him a diploma on the strength of his army record and his record in the university. The school board granted his request, and he was given a diploma Friday. Because Carter was a war hero, the diploma was dated November 11.

MEXICAN DOCTORS MAY PRACTICE MEDICINE IN TEXAS

San Antonio, Nov. 16—Mexican physicians may practice in Texas without having to become American citizens, according to the communication sent by Dr. Crow, president of the state medical examination board, to A. P. Carrillo, Mexican consul general at San Antonio.

DAUGHTERS OF CONFEDERACY TO ELECT NEW REGIME

Hot Springs, Nov. 14—(AP)—With virtually all of the officials of the United Daughters of the Confederacy having served the maximum time permitted under the by-laws of the organization, election of officers at the national election here November 16 to 21, this year, will be of particular interest.

MEMORIES The Record Staff Poet

The memory of the oak tree's shade,
The lilac's purple bloom,
The songs of birds, the sounds of bees,
The "long ago" and home.
In fancy still we see the trees,
We scent the fragrant air;
We hear the murmuring of the bees,
We know that they are there.

The shadows on the old porch fall,
The sweet brier still blooms on;
And not one bird its note has hushed
That we from all have gone.
We shrine them yet within our hearts,
Dear things that we have known,
But birds and bee, and flower and tree,
Know not that we have gone.

Glenn Bowers Recovers.

MARKETS

By Associated Press Leased Wire

COTTON.

Texas.
Dallas, Nov. 14—Spot cotton 20.35; Houston 20.50; Galveston 20.55.

New York.
New York, Nov. 14—(AP)—Cotton futures opened steady; December 20.42; January 19.85; March 20.00; May 19.81; July 19.50.

Cotton futures closed easy at net advance of 18 to 28 points.
The cotton market was higher during today's early trading, as a result of relatively steady Liverpool sales, unexpectedly large figures on the domestic consumption for October and prospects for another cold wave in the southwest.

The market opened steady at an advance of 7 to 25 points and sold 33 to 38 points net higher before the end of the first hour, January advancing to 20.10.

The advance extended to 20.23 for January, but there was increased selling for southern account as well as considerable realizing in the late trading. January closed at 20.00, or 25 points off from the best with the general market, closing easy at net advances of 12 to 28 points.

New Orleans.
New Orleans, Nov. 14—(AP)—Spot cotton closed firm 45 points up. Sales 5,811; low middling 17.80; middling 20.30; good middling 21.30; receipts 12,107; stock 437,128.

The cotton market opened strong Liverpool cables were better than due and October consumption figures issued at the opening of 543,079 bales exclusive of linters were much larger than expected, exceeding both last month and last year. First trades showed gains of 19 to 22 points and prices continued to advance rapidly after the call until December traded up to 20.20, January to 20.09, and March 19.73. Toward the end of the first half hour prices eased off 7 to 13 points on profit-taking. The weather map continued fair.

The market ruled steady all morning buoyed up by the surprisingly large consumption during October. There was a great deal of profit-taking by satisfied longs but the market absorbed this selling owing to covering by shorts and at the beginning of the last quarter of an hour prices made new highs at 20.23 for December and 19.87 for March. Right at the end of the market, lost 18 to 20 points on heavy profit-taking, but closed at a net advance of the day of 23 to 29 points.

Liverpool.
Liverpool, Nov. 14—Cotton spot steady; American strictly good middling 11.30; good middling 11.11; strictly middling 10.91; middling 10.61; strictly low middling 10.21; middling 9.90; strictly good ordinary 9.50; good ordinary 9.30. Sales 3,000 bales, 1200 American; receipts none.

STOCKS-BONDS.

New York.
New York, Nov. 14—(AP)—Heavy week-end profit taking and bear selling checked the upward movement of prices towards the close of today's stock market. Rails and oils, nearly a score of which attained their highest prices in a year or

longer, led the early advance. Motors were heavy from the outset with selling inspired by belief that they had discounted all the good news in sight. Chrysler broke over 10 points, Hudson 7 1/2, DuPont 5 1/2, and General Motors, Chandler, Mack Truck and U. S. Rubber sold off 2 to 4 points. U. S. Steel advanced to 138 1/2 or within a fraction of the record high, when a flood of offerings suddenly appeared and carried the stock down to 135 1/4. The break in steel stimulated the selling of other industrials but the rails, in which public participation was on a large scale, offered good resistance to selling pressure. The close was irregular. Total sales appropriated 1,200,000 shares.

GRAIN.

Kansas City.
Kansas City, Nov. 14—Wheat No. 2 hard 1.58 to 1.59; No. 2 red 1.68 to 1.69.

Corn, No. 2 white 80 to 88; No. 2 yellow 91 to 93.

Oats, No. 2, white 40 to 40 1/2; No. 3 white 39 1/2 to 40.

Chicago.
Chicago, Nov. 14—(AP)—Wheat No. 2 hard 1.63.

Corn No. 3, mixed, 81 1/2 to 82; No. 4 yellow 79 1/2 to 81.

Oats, No. 2, white, 40 1/2 to 41; No. 3, white 39 1/2 to 40.

Chicago.
Chicago, Nov. 14—(AP)—Lively new upturn in the value of wheat took place today soon after the market opened. Reduced estimates of the exportable wheat surplus both in Australia and Argentina were largely responsible.

Opening prices, 1 1/2 to 1 3/4 higher, new style, December 1.55 1/2 to 1.56, May 1.48 to 1.48 1/2, were followed by a slight reaction and then by a jump to 1.57 1/2 for December and 1.50 1/2 for May.

Corn and oats sympathized with wheat. After opening 1/2 to 3/4 higher, December 77 to 77 1/4; corn scored moderate further gains.

Oats started a shade to 1/2 up, December 38 1/2, and then hardened a little more.

Provisions were responsive to upturns in hog values and grain.

LIVESTOCK.

Kansas City.
Kansas City, Nov. 14—Cattle 2.00; calves 2.00; bulk prices for week short-fed steers 8.25 to 10.00; grassers 6.50 to 7.50; butcher cows 4.00 to 6.50; heifers 5.00 to 6.85; canners and cutters 3.25 to 5.00; veals 6.00 to 11.50; stockers and feeders 5.75 to 8.25.

Fort Worth.
Fort Worth, Nov. 14—Cattle 8.00, including 300 calves, steady; heaves 5.25 to 8.00, stockers 4.00 to 7.00; fat cows 3.00 to 4.50; heifers 4.00 to 7.00; yearlings 5.00 to 8.00; bulls 2.50 to 3.85; calves 3.00 to 6.00.

Hogs, 6.00; steady; best 11.85 to 12.00.

12.10; packing sows 11.00 to 11.25; pigs 9.00 to 11.50.

Sheep, none.

Chicago.
Chicago, Nov. 14—Hogs, 5.00; strong; packing sows 9.50 to 10.55; killing pigs 11.50; heavy hogs 11.25 to 11.50; medium 11.50 to 11.80; light 11.15 to 11.50.

Cattle, 5.00; week's bulk prices, grain-fed steers 8.75 to 11.25; grass steers 7.00 to 8.50; fat cows 4.30 to 6.35; heifers 5.25 to 6.25; canners and cutters 3.25 to 3.90; veal calves 11.00 to 11.50; stockers and feeders 5.00 to 7.65.

Sheep, 1.00; for week, fat lambs 14.75 to 15.75; cull natives 11.50 to 12.00; feeding lambs 14.75 to 15.75; cull natives 11.50 to 12.00; feeding lambs 14.75 to 15.75; fat yearling wethers 11.50 to 12.50; fat ewes 7.00 to 8.00.

MONEY.

New York.
New York, Nov. 14—Foreign exchange irregular; great Britain 4.84 1/2; cables 4.84 11-16; sixty-day bills on banks 4.80 1/2.

France, demand 4.00; cables 4.00 1/2; Italy demand 4.00 1/2; Belgium 4.53 1/2; Germany 2.80; Tokyo 4.12; Montreal 1.00 3/32.

PRODUCE.

Chicago.
Chicago, Nov. 14—(AP)—Potatoes, stronger; Wisconsin Minnesota sacked Round Whites 3.00 to 3.20; Michigan Wisconsin bulk Round Whites 3.10 to 3.35.

Chicago.
Chicago, Nov. 14—Poultry, alive, steady; fowls 16 to 23c; springs 22c; turkeys 32c; roosters 15c; ducks 20 to 22c; geese 17c.

Chicago, Nov. 14—Butter higher; creamery extras 49 3/4; standards 45-4; extra firsts 46-1-2 to 48-1-2; firsts 43-1-2 to 44-1-2; seconds 41 to 42-1-2.

Eggs, higher; firsts 50 to 54; ordinary firsts 40 to 49.

Local Markets

Chickens, per pound, d. 17c
Eggs, per dozen 45c
Butter, per pound 40c
Turkey Fat, sour or sweet 60c
Turkeys, per pound 25c
Cotton, middling, pound 19 to 19 1/2c

FIGHTING NEAR PEKING BETWEEN ARMIES AVERTED

Peking, Nov. 14—The danger of fighting in the vicinity of Peking between the rival military chiefs has been averted for the time being. The chief executive, Tuan Chi Jui, is telegraphically informed by Marshal Chang Tso-Lin that, in order to preserve peace he is willing to withdraw his troops from around Peking to Tientsin and to the north.

Jim Lassiter, the "two-gun man," one of the most vivid and impressive figures of fiction, has been doubly immortalized. The Zane Grey hero, who rides so magnificently through the pages of "Riders of the Purple Sage," has lost nothing of his virility in the film play of that name in which Tom Mix portrays the principal role.

This announcement is one of more than ordinary interest, as the Grey novels of past years have enlisted a vast reading public and are growing in popularity daily.

This picture is shown at the Pictorium today, Saturday.

Absent Minded Salesman Finds Valuable Gems

Waco, Texas, Nov. 14—"I've been robbed!" exclaimed an excited jewelry salesman at a local hotel, to a bell boy who had been summoned to the salesman's room. He told the boy he had \$15,000 worth of diamonds in a leather case that was missing. The boy asked the salesman to retrace his steps with him since entering the hotel. Entering the grill room, the case with all the diamonds intact was found on the pie counter where the owner had absent-mindedly left it.

HOUSE PETERS STARS IN STORM BREAKER MONDAY

House Peters in the "Storm Breaker" will appear here Monday and Tuesday, at the Pictorium. A splendid story of the sea with Peters in the role of John Strong, forceful and powerful, believing there is no power greater than himself, not even existing the Supreme Being. He is the most successful fisherman in the little island fishing village off the coast of Nova Scotia. What he wants he takes and what he has he believes has come to him because of his great strength. He fears neither God nor man—is arrogant, brave and self-sufficient.

With himself, his mother and his younger brother, Neil, the latter weak physically and bookishly inclined, lives Judith Nyte, an orphan. Judith has believed that some day she will be his wife and in this belief she is joined by the people of the village. On one of his trips to the mainland, John enters a second-hand bookshop to purchase a book for his brother. There he meets Lynette DeJon, daughter of the book-seller.

Dainty and demure Lynette seems an unfit wife for the tremendous John, whose enormous self-confidence blinds him to the fact that she has been drawn to Neil and their love has grown into a burning flame.

When he finally learns of it, he sets out to kill his brother, but Neil has already been caught in the maw of death, for he is caught in a raging sea, and only the strong arm of the powerful John can save him.

The clash of love and hate spurred to furious combat by the giant ego of John Strong forms one of the most dramatic episodes in screen history.

Jim Lassiter, the "two-gun man," one of the most vivid and impressive figures of fiction, has been doubly immortalized. The Zane Grey hero, who rides so magnificently through the pages of "Riders of the Purple Sage," has lost nothing of his virility in the film play of that name in which Tom Mix portrays the principal role.

This announcement is one of more than ordinary interest, as the Grey novels of past years have enlisted a vast reading public and are growing in popularity daily.

This picture is shown at the Pictorium today, Saturday.

DAMASCUS RESEMBLES BESIEGED COMMUNITY

Damascus, Syria, Nov. 14—(AP)—Damascus is like a besieged city. Everybody except the military must be indoors by 8 o'clock in the evening and during the day there are so many soldiers in the narrow thoroughfares that one is continually bumping into rifles, picking one's way through barbed wire entanglements or stumbling across sand bag barricades.

At the curfew hour street cars cease running, the people disappear like magic, and the most beautiful of the Syrian oases becomes as dead, apparently, as the desert surrounding it.

Outside Damascus hardly a night passes that the rebels do not burn a bridge leading to the city, raid a suburb or commit some other depredation requiring the dispatch of a French expedition against them.

Fifty thousand troops, or double the force now in Syria, would be required to restore order in the country, competent observers declare.

American commerce in Syria, which had been steadily developing, has received a decided setback from which it is doubtful it can recover for many years. The largest American business was in automobiles. This has come to a complete standstill.

Three American business concerns which suffered from the French bombardment have filed claims against the government. They are the Vacuum Oil Company, the Singer Sewing Machine Company and MacAndrews and Forbes.

PROMINENT DAY SLEUTHS OUT OF FEDERAL SERVICE

New York, Nov. 14—Izzy Einstein and Moe Smith, dry sleuths extraordinary, are definitely out. Confirmation of their dismissal came today with that of 23 other prohibition agents. One hundred and forty-five agents were retained. An official announcement declared that Izzy and Moe "were dropped for the good of the service."

FOR THOSE WHO CARE WHAT THEIR MONEY BUYS

Dodge Brothers, Inc., have always built a good, sound, long-lived product.

They have never built "yearly models" and never will.

They do not make frequent expensive changes simply to catch the whim of the hour.

On the contrary, they devote themselves steadfastly to the improvement of a car that has been good from the very beginning.

This process of improvement has now been going on for 11 years.

Its influence on the car's appearance and performance has been nothing short of remarkable.

Always eminently dependable, it is now also an exceptionally easy riding car.

Always up-to-date, it is now strikingly attractive. Style and smartness stand out in every line.

Sheer logic never made the choice more obvious—Dodge Brothers Motor Car for those who really care what their money buys.

CHAUTAUQUA IS ARRANGED FOR

AFTER LAPSE OF TWO YEARS
ANNUAL SUMMER ENTER-
TAINMENT TO RETURN.

A contract has been closed for a
Redpath-Horner chautauqua in Ver-
non next year. Miss Helen Clarkson
of Kansas City, representing the bu-
reau, spent several days here and
concluded the contract Friday. The
contract was to become binding when
20 responsible signers were obtained
and Miss Clarkson obtained 25 sig-
natures.

The dates have not been set, but
it is expected that the program will
be held at about the same time this year
as it was in former years, probably
about the middle of June. The pro-
gram next year will be six days, in-
stead of seven. No Sunday program
will be given, as in former years.

The following signed the contract
for next year's chautauqua:
W. N. Stokes, Hotel Vernon; by
Ada E. Pierce, Leon H. Brown, T. L.
Pierce, J. M. Perry, Bob Crews, Mrs.
C. J. Farrell, Steve Maryol, R. H.
Coffee, J. W. Brock Jr., W. Frank
Edmonson, L. A. Hollar, W. H.
Stephens, A. H. Murchison, R. M.
Fielder, O. L. Pierson, E. M. Haney,
C. D. Greene, E. J. Harris, P. D.
Chaney, E. P. Robertson, J. L.
Showers, E. G. Hughes, G. H. Wheel-
er, R. H. Nichols.

MRS. PLUMMER IS HONOREE AT FORTY-TWO AND SHOWER

Mrs. J. R. Plummer visiting here
from Long Beach, Calif., was a very
happily surprised honoree at a forty-
two party given by Mrs. W. O. An-
derson of Wilbarger street, Thursday
afternoon. Mrs. Anderson was as-
sisted in entertaining by her daugh-
ters, Mrs. J. V. Townsend and Mrs.
Daniel Band and Mrs. Joe Sumner.

The guests enjoyed a series of
games until they were interrupted by
the ringing of the door bell. A mes-
senger was announced, who deliv-
ered a telegram containing best wishes
and love from a few of Mrs. Plum-
mer's old Vernon friends, and while
it was being exclaimed over, a large
and beautifully decorated box was
brought in, containing many pretty
personal gifts for the honoree, which
were opened and passed about, to be
admired.

During the enjoyment of Mrs.
Plummer's gifts, a dainty plate lunch-
teon was served to thirty guests.

MRS. MASON ENTERTAINS IN HONOR OF MRS. PLUMMER

Mrs. Harry Mason of Paradise
street was hostess to the Wednesday
forty-two club and other guests,
Wednesday afternoon, honoring Mrs.
J. R. Plummer, house guest of Mrs.
L. G. Hawkins, of Lone Beach, Calif.
Six tables of guests played. At the
close of the games a lovely two-course
luncheon was served. Mrs. Plummer
had an opportunity at the party of
seeing several old friends that were
especially invited to meet her. She
will leave Sunday for Newton, Kans.,
to visit her son, Will Plummer.

Circles To Meet.

Members of Missionary Circle No.
2 of the Methodist Church will meet
Monday afternoon at 3 o'clock, at
the home of Mrs. Robert Cole, of
Cumberland street, with Mrs. Rena
Watts as leader. Circle No. 3 will
meet the same hour with Mrs. Tom
S. Bell at her home on Stephens
street.

AT MISCELLANEOUS SHOWER

Mr. and Mrs. K. G. McDonald en-
tertained a number of their friends
at their home on Deaf Smith street
Thursday evening with a miscellane-
ous shower in honor of Mr. and Mrs.
E. C. Watson, who were recently
married in Tipton, Okla., and are
making their home here.

The decorations were in keeping
with the harvest season. A delict-
ful program was rendered at the
conclusion of which a wagon con-
taining the gifts and drawn by Bel-
ton McDonald and Louie Jean Smith,
was presented to the couple.
A delicious salad course was
served.

VERNON SUPPORTED NEW FEDERATION PRESIDENT

Mrs. J. U. Fields of Haskell was
elected president of the Texas Federa-
tion of Women's Clubs Friday af-
ternoon, at Austin, by a vote of 183
to 134 over her opponent, Mrs. W. H.
Potter of Bowie. Both women are
from the first district and it is the
time in the federation affairs, that
from the same section have sought
the office of presidency of the federa-
tion at the same time.

Mrs. Fields was the favorite can-
didate in the race, locally. She was
here last month as guest of the Del-
phian club and afterwards spoke at
the Home Economic club.

Guests from other clubs were in-
vited to hear her address before the
Delphians and praised her. She im-
pressed all who heard her with her
charming personality and her ideas
about club work. She has been en-
gaged in club work for a number of
years and some of her friends, who
aspired to see her become president
of the federation told her she might
be able to "arrive" if she would move
to Fort Worth or some other larger
city.

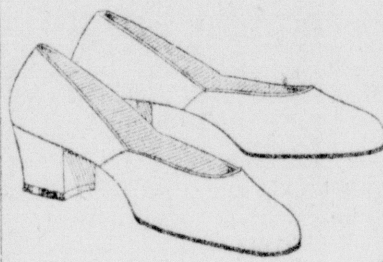

She informed them that she expect-
ed to "arrive" but she intended to
"arrive" from a small town that was
dearest to her heart, the little town
of Haskell.

Mrs. Fields will be a special guest
here in April when she will attend
the district meeting of the federa-
tion.

MRS. TULL IS HOSTESS TO HOME SCIENCE CLUB

The Home Science club was enter-
tained Friday afternoon at the home
of Mrs. J. L. Tull, of Yamparka
street. In the absence of the presi-
dent, Mrs. M. C. Culbertson, who is
attending the federation meeting at
Austin, Mrs. Hubbard Colley presi-
ded.

Following their annual custom, the
members will have a Christmas tree

Smartness and dignified
simplicity are the key-
note of this patent—

DORSEY PUMP

Correct for street and
sport wear.

The assurance of fine
workmanship and qual-
ity is one of the reasons
why discriminating wo-
men and young women
should select this model
for afternoon wear—The
price—

\$7.50

Others as low as
\$6.50, and with
ornament as low
as \$5.85.

and committees were appointed to
look after the details. Mrs. L. E. Mc-
Curdy is hostess December 11 and
they will enjoy a Christmas program
and the tree at her home.

The assistant hostesses, Mrs. E. F.
Piper, Mrs. R. S. McConline, Mrs. W.
R. Lane, Mrs. Wayne Lawson, Mrs.
Frank Murchison, served a two-course
luncheon.

O'DONNELL TEXAS MAN DIES AT AGE 102 YEARS

Ahlene, Texas, Nov. 14.—Burial
services were held at O'Donnell,
Texas, for W. M. Lackey, 102 years
old. He was married four times and
was the father of 24 children, the
oldest of whom is 87 years old, and
the youngest, a daughter, 18.

DISCOVERY OF MOSLEM WOMAN MAYOR FIRES VOTE CAMPAIGN

Constantinople, Nov. 14.—(AP)—
Turkey's one and only mayor has
been found and the fact that for
years she has administered her of-
fice as an illiterate has fired the
courage of feminists here in their
campaign toward the vote for Mos-
lem women.

Koudret Hanoun, a woman beyond
sixty, for many years has been un-
animously elected mayor of the vil-
lage of Germat in the vilayet of Erd-
ahan. She can neither read nor
write, but she knows all the laws of
the village by heart. She is a widow
and with her daughter-in-law and
two granddaughters, does all the
work on the farm, which is their only
source of livelihood.

Protection

YOU, have your life, your dwellings and all furnish-
ings insured—BUT

YOUR MONEY—

Is It Protected?

If not Why Not?

We belong to the "GUARANTY FUND PLAN" of the
State of Texas, in which there has never been a dollar
lost in a non-interest bearing deposit.

This protection cost you nothing at this bank.

Your account will be appreciated, large or small.

"IF I ONLY HAD THE READY CASH"

Ready cash is usually the essential requirement of a
business opportunity. Have you ever had to say, "I
could take advantage of it if I only had the ready
cash?" The opportunities of yesterday are gone
forever—but you can save now for the opportuni-
ties of tomorrow.

WHAT "FARMERS STATE" DEPOSITORS WILL TELL YOU

Ask any "Farmers State" depositor why he carries
an account here.

He will probably tell you it is because of the calibre
of the "Farmers State" staff and the willingness of
each member to give personal attention to every
customer's problems.

Or, in short, because "There is NO Substitute for
'Farmers State' Service."
